

To Whom It May Concern:

It is imperative that our community not lose Airl radio as it has become the christian music radio od choice for me my family and most of my friends. It provides a positive and uplifting message to all who listen and it simply is the best radio station on the air in my opinion. I personally support Airl and would do anything I could to keep them on the air in my community. Please keep these things in mind before bringing in another programmer as Airl is IN the public interest for Lubbock Texas.

Sincerely,

JOshua N Brunk
